

## **Summer Camp 2021 COVID Guidelines**

### **Outline**

At Just For Fun, our top priority is to keep our campers safe and to achieve this we will be following all COVID-19 guidelines set out by Public Health Ontario, Toronto Summer Day Camp COVID guidelines (see below) as well as the Center for Disease Control and Prevention. This document will outline all of the policies and procedures we will be putting in place to keep you, your child(ren) and our staff safe from illness.

### **Drop-off and Pick-up**

Drop-off and pick-up times to and from camp will be staggered to ensure social distancing and summer camp guidelines can be followed. Please try to arrive within your drop-off/pick-up window. Our staff will escort your child(ren) from your vehicle and into the facility. Please do not exit your vehicle as parents/guardians will not be permitted to enter the facility. Your child(ren)'s drop-off and pick-up time will be noted in your welcome email. Upon being dropped off at the facility, each child will be screened for COVID-19 symptoms as well as a temperature check.

### **Masks and Personal Protective Equipment (PPE)**

Please ensure to send your child to camp with a reusable or surgical mask. Extras will be kept in the facility if needed. Masks must be worn by all campers and staff members within the facility at all times unless eating or drinking. Masks will also be worn during outside play if social distancing guidelines are not able to be followed. If medication or first aid need to be administered to your child, gloves will be worn by the camp counsellor.

### **Cleaning and Sanitization**

We are committed to ensuring our facility is safe by cleaning and sanitizing regularly. All classrooms, floors, tabletops and other surfaces will be cleaned nightly. All high touch areas (door handles, light switches, desks, toys) will be sanitized throughout the day. The playground, washrooms and any other shared spaces will be cleaned between use of various camp groups. Our counsellors will ensure that children's hands are washed before and after mealtimes.

### **Social Distancing Guidelines**

This year, our camp program will be designed to ensure your kids will be able to be a safe distance from the other children. We will also be following the Toronto summer camp guidelines by splitting up the campers into groups of no more than 5 children. These groups will be kept separate from each other.

## If a child is showing COVID-19 Symptoms

Please keep your child at home if they appear to have any COVID-19 symptoms. Your child will not be allowed into the facility if they arrive at camp with any symptoms. If COVID-19 symptoms arise while your child is at camp, the symptomatic child will be put into a room away from the other children to be monitored by the supervisor until a parent/guardian is able to pick them up. If the child was exposed to other campers or staff at the facility while showing symptoms, they are required to receive a COVID PCR test and the results must be shared with the camp supervisor in order to keep everyone at our camp safe.

## Questions or Concerns

If you have any questions or concerns, feel free to reach out to us at [info@justforfunpartycentre.ca](mailto:info@justforfunpartycentre.ca). We welcome and encourage any and all feedback as we are committed to doing whatever we can to keep your child safe.
